

## River Bend Golf Course 2024 Jr. Golf Program

PGA Professional and Des Moines Area Community College Head Golf Coach Chris Seaboch returns his Junior Golf Program to River Bend Golf Course. The program will meet on Tuesday mornings for 5 weeks beginning on June 11th and ending on July 9<sup>th</sup>.

Each clinic begins at 9:00 a.m. and ends at 11:30 with a short intermission available around 10:15 to allow the student's time to purchase drinks/snacks and cool off on those steamy days. Juniors will be split up into 2 different age groups. Juniors ages 8-10 will start out with lessons each week and then transition onto the golf course. Juniors 11-12 will start the day on the course, and transition into lessons.

We will continue to follow a modified version of the Operation 36 program. All students will start out playing from 25 yards away from the green and be given the chance to move back as they pass each level. To pass a level, they will need to shoot a score of 24 or less over 6 holes at each yardage. That is an average of 4 shots per hole (Operation 36 gets its name by averaging 4 shots on each hole over a 9-hole course) Yardage ranges go from 25, 50, 100, 150, 200. If Juniors cannot shoot 24 or less over 6 holes, they will remain at their current yardage until they can reach their goal. Each time they pass a yardage, they will be given a reward for their accomplishment. Any level Juniors passed in 2023 will be considered as completed in 2024.

**Sessions are designed for boys and girls ages 8–12 interested in learning and enjoying the game of golf.** Children must be 8 years old on or after June 1<sup>st</sup>. Price of the program for all 5 weeks will be \$165. A second option to sign up for 4 weeks (can be any 4 weeks) will be available for a price of \$140. If you sign up for the 4-week session, and you know which week you will miss, please note it on signup sheet below.

During instruction all aspects of the game will be covered including etiquette, putting, chipping, pitching, sand shots, full swing irons, full swing woods, course management, and rules of the game.
